# WHAT'S THE BIG DEAL?

## DEALER DIRECT VS. AT COST

- If you buy from a dealer, you are buying “dealer direct”. That literally has no bearing on price but rather that refers to who sold it.
- At Cost means that the price that the dealer pays is the same price the customers pay.
- Look at various websites... it should be plain as day.

This is a concurrent real-time price comparison of the price of a single Silver Eagle (most commonly purchased coin in the world).
